It is intended solely to be a visual depiction of such boundaries. The data used to prepare this map were compiled from multiple sources and varying levels of accuracy. Arbitrary adjustments have been made to FERC boundaries and the property line boundaries in order to provide a spatial dataset that is consistent with existing spatial data. While the map is believed to be an accurate depiction of the underlying data, Pacific Gas and Electric Company assumes no liability for any person's reliance upon this map for any reason."

2. "The FERC project boundaries and boundaries for Company fee land used in this report may not be accurate legal boundaries. The actual locations of any feature identified in this report would need to be surveyed in order to definitively determine whether the feature lies within or outside of Company fee land."
